SAFETY DATA SHEETS

This SDS packet was issued with item: 078770199

The safety data sheets (SDS) in this packet apply to the individual products listed below. Please refer to invoice for specific item number(s).

078558723 078558731 078558749 078558756 078770181 078770207 078770215 078865210

The safety data sheets (SDS) in this packet apply to one or more components included in the items listed below. Items listed below may require one or more SDS. Please refer to invoice for specific item number(s).

Product Name: ATOPICA[®] Soft Capsules for Dogs (10mg/25mg/50mg/100mg) 1 of 5

MATERIAL SAFETY DATA SHEET

Section 1 - Identification of Chemical Product and Company

COMPANY DETAILS:

Novartis Animal Health Australasia Pty Limited	Phone: (02) 9805 3555
A.C.N. 076 745 198	Fax: (02) 9888 8387
54 Waterloo Road	
North Ryde NSW 2113	

Product Name:	ATOPICA [®] Soft Capsules for Dogs (10mg/25mg/50mg/100mg)
Other Names:	NEORAL [®] / SANDIMMUN [®] (human pharmaceutical product)
Active Ingredients:	Cyclosporin
Ciba-Geigy Code :	CGA 116231 A
Product Use:	A soft gel capsule for the treatment of atopic dermatitis in dogs.
Revision Date:	November 2008

	Section 2 Hazards Identification
Hazard classification:	None Allocated
Risk Phrases:	R22 Harmful if swallowed
	R40 Possible risks of irreversible effects.
Safety Phrases:	S22 Avoid contact with skin.
-	S24 Do not breathe dust.
SUSDP Classification:	4
UN Number:	None Allocated

Section 3 Composition / Information on Ingredients				
Ingredients	CAS No.	Content (%w/v)	STEL (mg/m ³)	
Cyclosporin	[59865-13-3]	10/25/50/100	0.02 ª	
Polyoxyl 40 hydrogenated castor oil	-	30-40	not set	
Gelatin (coating)	[9000-70-8]	20-30	not set	
other ingredients determined not to be hazardous	Confidential	to 100	not set	

^a Internal guideline exposure limit has been set for cyclosporine by Novartis Pharmaceuticals

This is a commercial product whose exact ratio of components may vary slightly. Minor quantities of other non hazardous ingredients are also possible.

	Section 4 First Aid Measures
Label regulated First Aid Statement:	If poisoning occurs contact a Doctor or Poisons Information Centre (Phone 131126).
Scheduled poisons :	Product is an S_4 scheduled poison. Poisons Information Centres in each State capital city can provide additional assistance for scheduled poisons (Phone 131126).
Inhalation:	Due to the nature of this product inhalation is unlikely to occur. No first aid measures are normally required.
Skin Contact:	If product gets on skin, immediately remove contaminated clothing and wash skin thoroughly with soap and water to remove material. If you begin to feel unwell, seek medical attention.
Eye contact:	In the case of contact with eyes rinse eyes to remove material. No further

	MATERIA	L SAFETY DATA SHEET
		ould normally be required.
Swallowed:	If poisoning (Phone: 131	occurs, contact a Doctor or Poisons Information Centre 126).
Advice to doctor:	Treat symptoms m	omatically. Gastric lavage, activated charcoal. Poisoning nay include; hypertension, gastrointestinal complaints, iting, tremor, paraesthesia, kidney injury may occur,
	Section 5 I	Fire Fighting Measures
Extinguishing Media:	-	t does not burn. Use extinguishing media suited to the
Fire and explosion hazards:	There is no i	at are burning. risk of an explosion from the product or active constituent
Fire Fighting:	Fight fire in involving sig	al circumstances if it is involved in a fire. the early stages if safe to do so. When fighting fires gnificant quantities of this product, wear safety boots, non- overalls, gloves, hat and goggles.
S		cidental Release Measures
Accidental Release:		do not normally need any special cleanup measures. In the
	courses. We and gauntlet protective cl Take up by a preventing r quantity of r services. Bu decontamina remains. All decontamina	ajor spill, prevent spillage from entering drains or water ar full protective clothing including face mask, face shield s. All skin areas should be covered. Thoroughly launder tothing before storage or re-use. mechanical means and dispose. After spills, wash area unoff from entering drains, sewers or wells. If a significant naterial enters drains, sewers or wells advise emergency ildings, apparatus, and all items of equipment must be ated and subsequently inspected to ensure that no further risk wastes, equipment and protective garments must either be ated or properly contained for disposal before leaving the se of only in accord with all regulations.
	Section 7	Handling and Storage
Safe Handling:	Avoid conta while working	ct with skin, eyes and clothing. Do not eat, drink or smoke
Storage:	Keep out of original cont characteristi shaded area	reach of children. Store below 25°C (Air Conditioning) in tainer tightly closed. When a blister is opened, a c smell is noticeable, which is normal. Store in a cool and protected from light and humidity. Keep from extreme heat, d open flames. Do not store with concentrated acids or strong
Section 8 Exposure Controls / Personal Protection		
Exposure Limits:	Cyclosporin value that sh not be repea	guideline exposure limit of 0.02 mg/m ³ has been set for by Novartis Pharmaceuticals. The STEL is an exposure hould not be exceeded by more that 15 minutes and should ted for more than 4 times per day. There should be at least between successive exposures at the STEL.
Eye Protection: Skin protection:	Avoid conta	ct with skin. Wash hands after use.
Novartis Animal Health Australasia	Pty I td	

U NOVARTIS ANIMAL HEALTH Respirator:	Product Name: ATOPICA® Soft Capsules for Dogs (10mg/25mg/50mg/100mg) Page No: 3 of 5 Date of issue: November 2008 MATERIAL SAFETY DATA SHEET No respirator is required under normal conditions of use.	
General advice:	After use and before eating, drinking or smoking, wash hands, arms and face thoroughly with soap and water.	
Sec	ction 9 - Physical and Chemical Properties	
Physical State: Colour: Flash point Flammability:	Solid, oblong capsule Blue-grey Does not burn Non-flammable	
	Section 10 - Stability and Reactivity	
Chemical Stability: Incompatible Materials:	This product is unlikely to spontaneously decompose. Isoperibolic decomposition (>8 hr) temperature is 220°C (Air open cup). Dynamic decomposition temperature is 260°C (Air open cup). Concentrated acids or strong oxidising agents.	
	Section 11 - Toxicological Information	
Acute Toxicity : Oral:	Harmful if swallowed. Possible risk of irreversible effects. Product is harmful if swallowed (increased risk of tumour development due to the immunosuppressive activity of cyclosporin). Rat oral $LD_{50} > 5,000 \text{ mg/kg}$.	
Dermal:	Product may be harmful by skin absorption. Avoid contact with skin. Cyclosporin is not a skin irritant.	
Inhalation:	Data suggest that this product being a capsule, should present no significant inhalation problems.	
Local Effects: Skin:	<u>Irritation</u> - (Based on studies with Rabbits using Cyclosporin) Non-irritant	
Chronic Toxicity:	Cyclosporin (under the trade name 'NEORAL' or 'SANDIMMUN NEORAL') is an immunosuppressant in humans Cyclosporin is classified as a known carcinogen (IARC Group 1) and a possible risk of irreversible effects in humans including increased risk of malignant tumour development due to the immunosuppressive activity of the active constituent (cyclosporin) exists. In humans, chronic effects may include leucocytopenia. Kidney injury may result following chronic exposure. Note that cyclosporin's observed chronic effects on human kidney are not mirrored in the target animals (dogs).	

Section 12 - Ecological Information

Environmental effects for the active ingredient Cyclosporin

Species	LC 50 mg/L
Rainbow Trout (96 hrs)	>100
Daphnia (48hrs)	>100
Green algae (72 hrs)	>100
Micro-organisms (sewerage sludge-3hrs)	>100

Biodegradability: Cyclosporin is biodegradable Octanol/water partition coefficient – Log Po/w 5.5 (app. 22°C) Melting/softening point: 148-151°C pH: 6.5-7 Solubility in water (20°C): 0.2 g/L

Product Name: ATOPICA® Soft Capsules for Dogs (10mg/25mg/50mg/100mg)Page No:4 of 5Date of issue:November 2008

MATERIAL SAFETY DATA SHEET

Solubility in solvents (20° C): acetone > 50 g/L

Section	13 -	Disposal	Considerations
---------	------	----------	----------------

After intended use:The container can be recycled if it is clean, dry, free of visible residues
and has the *drumMUSTER* logo visible. Triple or pressure rinse
container for disposal. Dispose of rinsate or any undiluted chemical
according to State legislative requirements. Wash outside of the
container and the cap. Store cleaned container in a sheltered place with
cap removed. It will then be acceptable for recycling at any *drumMuster*
collection or similar container management program site. The cap
should not be replaced but may be taken separately.
DO NOT burn empty containers or product.

Section 14 - Transport Information
None allocated

Section 15 - Regulatory Information

Australia:

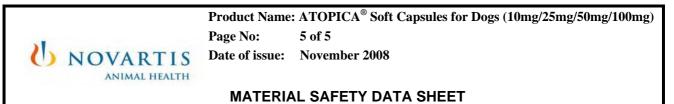

Product first registered 23rd April 2001 with the Australian Pesticides Veterinary Medicines Authority

Section 16 - Other Information

This MSDS contains only safety-related information. For other data see product literature.

Note:

This product is a registered veterinary chemical and must therefore be used in accordance with the container label directions. A comprehensive package of toxicological and environmental data for the active ingredients of this product has been submitted to the Federal health and environment authorities and has been evaluated by expert toxicologists and environmental scientists.

This Material Safety Data Sheet summarises our best knowledge of the health and safety hazard information of the product and how to safely handle and use the product in the workplace. Each user should read this MSDS and consider the information in the context of how the product will be handled and used in the workplace including in conjunction with other products.

If clarification or further information is needed to ensure that an appropriate risk assessment can be made, the user should contact this company.
