SECTION 1: IDENTIFICATION

Product Identifier: Warts Off Ointment

Synonyms: Salicylic acid (17%)

Recommended Use: For use in removal of external warts from cattle, horses, goats and dogs.
For Animal Use Only.

Restrictions on Use: This product should be used only according to directions and instructions provided on the product labeling.
Keep out of the reach of children.

Manufactured for: Creative Science, LLC

Distributed by: **Creative Science, LLC**
455 Sovereign Court
Ballwin, MO. 63011

Emergency Telephone: **INFOTRAC - 1-800-535-5053**

SECTION 2: HAZARD(S) IDENTIFICATION

Emergency Overview:

Color: Off white/cream color

Physical state: Ointment

Odor: Odor free

Hazards of product: No data available

SECTION 3: COMPOSITION

Ingredients:

Castor Oil 39% (w/w)	
Salicylic Acid 17% (w/w)	CAS #69-72-7
Inert ingredients – 55%	(Proprietary)

Section 4: First Aid Measures

- In case of eye contact:** Wash eyes with large amounts of water for at least 15 minutes. See a physician as soon as possible.
- In case of ingestion:** Do not induce vomiting unless directed to do so by medical personnel. See a physician as soon as possible.
- In case of skin contact:** Wash hands thoroughly with plenty of soap and water.
- In case of inhalation:** Remove to area of fresh air.

SECTION 5: Fire Fighting Measures

- Flammability of Product:** May be combustible at extremely high temperatures
- Suitable extinguishing material:** Use dry chemical, carbon dioxide, or water fog.
- Special firefighting procedures:** No special firefighting procedures are known.
- Unusual Fire and Explosion Hazards:** No unusual fire or explosion hazards are known or expected.

Section 6: Accidental Release Measures

- Protective Precautions:** Wear appropriate personal protective equipment.
- Containment and Clean Up:** If spill is solid, sweep up and dispose in an approved landfill. If liquid in a contained area, and remove to an approved landfill. Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional requirements.

Section 7: Handling and Storage

- General Handling:** Avoid contact with the eyes and normal tissues. Wash hand thoroughly with soap and water after applying this product to animals.
- Keep out of the reach of children.
- Storage:** Keep container closed. Do not store near heat or open flame. Store the product in a dry place.

Section 8: Exposure Controls/Personal Protection

Ventilation requirement: Use in a space with adequate ventilation.

Personal protective equipment:

Eye Protection: Goggles should be worn when handling product when there is a chance of possible eye contact.

Gloves: Not know to be necessary, but may be worn when handling product.

Other clothing/equip: No special equipment or clothing is known to be necessary.

Section 9: Physical and Chemical Properties

Information on Basic Physical and Chemical Properties

Appearance: Off white/cream colored ointment

Odor: Odor free

Physical State: Ointment

Solubility in Water: Insoluble

Melting Point: No data available

Boiling Point: No data available

Flammability: No data available

Vapor Pressure: No data available

Specific Gravity: (H₂O = 1) No data available

Auto Ignition Point: No data available

Percent Volatile: No data available

Upper/Lower flammability limits: No data available

Odor Threshold: No data available

pH: No data available

Evaporation Rate: No data available

Freezing Point: No data available

Flash Point: No data available

Bulk Density: (air = 1) No data available

Vapor Density: No data available

Solubility: Insoluble

Viscosity: No data available

Decomposition temp: No data available

Section 10: Stability and Reactivity

Conditions contributing to Instability: None known. Product is stable.

Incompatibility: Reactive with oxidizing agents.

Conditions contributing to Hazardous Polymerization: None known.

Section 11: Toxicological Information

Acute Toxicity

Ingestion:	May be harmful if swallowed in large amounts. Can cause irritation of the gastrointestinal tract (nausea and vomiting).
Dermal Absorption:	May be harmful through skin absorption.
Eye Contact:	Causes eye irritation.
Skin contact/irritation:	May cause skin irritation.
Inhalation:	Lung irritant.

Section 12: Ecological Information

Aquatic toxicity:	No data available.
--------------------------	--------------------

Section 13: Disposal information

Remove waste to an approved landfill and in accordance with federal, state and local regulations.

Section 14: Transport information

This product is not a DOT controlled material in the United States.

Section 15: Regulatory information

OSHA Status: N/A

TCSA Status: N/A

State Status: N/A

Section 16: Other information

Original MSDS Preparation Date: December 1993

Last Revision Date: November 13, 2015

Notice to Reader: All chemicals may pose unknown hazards and should be used with caution. This Safety Data Sheet (SDS) applies only to **Wartsoff** as packaged. It shall be the user's responsibility to develop proper methods of handling and personal protection based upon the actual conditions of use. While the SDS is based upon available technical data judged to be reliable, **Creative Science, LLC** assumes no responsibility for the completeness or accuracy of the information contained herein.
