4. First Aid Measures

General advice: no hazards which require special first aid measures. When symptoms persist or in all cases of doubt seek medical advice.

In case of eye contact, immediately flush eyes with water for at least 15 minutes.

If skin problems occur, discontinue use. If symptoms persist, call a physician.

If swallowed, wash mouth out with water, provided person is conscious.

If breathing becomes difficult, move to fresh air, call a physician.

5. Fire Fighting Measures

Flash point (method use): None

Extinguishing media: Water spray, Carbon dioxide, dry chemical powder or appropriate foam.

Unusual fire and explosive hazards: Emits toxic fumes under fire conditions.

Special firefighting procedures: Wear self-contained breathing apparatus and protective clothing to prevent contact with skin and eyes.

6. Accidental Release Measures

Steps to be taken in case material is released or spilled: Wash to sewer with plenty of water.

Waste disposal method: Dispose in an approved landfill site. Observe all local, provincial, and federal environmental regulations.

Do not discharge product into natural waters without adequate dilution.

7. Handling and Storage

Precautions to be taken in handling and storage: Store between 5 to 30°C in a dry and ventilated area.

Normal measures for preventive fire protection.

Ventilation requirement: Normal ventilation is adequate.

Mechanical (general): Mechanical exhaust required.

Keep out of the reach of children.

8. Exposure Controls/Personal Protection

Exposure guidelines are not relevant when product is used as intended in a household setting.

Protective equipment (speciality types): None.

Eye: None.

Gloves: None.

Respirator: None.

Other precautions and other protective equipment: Avoid inhalation, avoid contact with eyes. Wash contaminated clothing before reuse.

Eliminate all ignition sources.

9. Physical and Chemical Properties

Appearance: White cream

Colour: White

Odour: Characteristic of essential oil of orange

Melting point (°C): Not determined

Boiling point: (°C): Not determined

Specific gravity: Not determined

Vapour pressure (mm Hg): Not determined

Vapour density (Air=1): Not determined

pH value: 6.8 – 7.2

Refractive index: Not determined

Viscosity at 20°C: Not determined

10. Stability and Reactivity

Stability: Stable under ordinary conditions of use and storage

Hazardous polymerization: No information found

Incompatibility (materials to avoid): No information found

Hazardous decomposition products: No information found.

11. Toxicological Information

The primary components of this product are not classified as dangerous according to Regulations (CE) No 1272/2008 and (UE) 487/2013.

Potential health effects:

- Eye: May cause mild to moderate irritation to eyes
- Skin: A normal skin should not give reactions of irritation under the standard conditions of its employment
- Inhaled: Not normally a hazard due to non-volatile nature of product.
- Oral LD50 (rat): Not available.

12. Ecological Information

No data available

13. Disposal Considerations

Must be disposed of according to the applicable local regulations in force, if no recycling is possible. Packaging that cannot be cleaned should be disposed of as for product.
