SAFETY DATA SHEETS

This SDS packet was issued with item: 078912807

The safety data sheets (SDS) in this packet apply to one or more components included in the items listed below. Items listed below may require one or more SDS. Please refer to invoice for specific item number(s).

078910467 078912832 078912873

SAFETY DATA SHEET

1. Identification

Product identifier	BOVI-SHIELD GOLD ONE SHOT
Other means of identification	
Synonyms	Bovine Rhinotracheitis-Virus Diarrhea-Parainfluenza 3-Respiratory Syncytial Virus Vaccine, Modified Live Virus, Mannheimia Haemolytica Toxoid
Recommended use	Veterinary vaccine
Recommended restrictions	Not for human use
Manufacturer/Importer/Supplier/	Distributor information
Company Name (US)	Zoetis Inc.
	10 Sylvan Way
	Parsippany, New Jersey 07054 (USA)
Rocky Mountain Poison and Drug Center	1-866-531-8896
Product Support/Technical Services	1-800-366-5288
Emergency telephone numbers	CHEMTREC (24 hours): 1-800-424-9300
	International CHEMTREC (24 hours): +1-703-527-3887
Company Name (EU)	Zoetis Belgium S.A.
	Mercuriusstraat 20
	1930 Zaventem
Emergency telephone number	International CHEMTREC (24 hours): +1-703-527-3887
Contact E-Mail	VMIPSrecords@zoetis.com
2. Hazard(s) identification	
Physical hazards	Not classified.
Health hazards	Not classified.
Environmental hazards	Not classified.
OSHA defined hazards	Not classified.
Label elements	
Hazard symbol	None.
Signal word	None.
Hazard statement	The mixture does not meet the criteria for classification.
Precautionary statement	
Prevention	Observe good industrial hygiene practices.
Response	Wash hands after handling.
Storage	Store away from incompatible materials.
Disposal	Dispose of waste and residues in accordance with local authority requirements.
Hazard(s) not otherwise classified (HNOC)	None known.
Supplemental information	Direct contact with eyes may cause temporary irritation. In the event of accidental injection, an allergic reaction may occur. Contains formaldehyde. May produce an allergic reaction.

3. Composition/information on ingredients

Mixtures

Chemical name	Common name and synonyms	CAS number	%
Aluminum hydroxide gel		21645-51-2	1-3
Material name: BOVI-SHIELD GOLI	O ONE SHOT		SDS US

809 Version #: 01 Issue date: 04-02-2017

Chemical name	Common name and synonyms	CAS number	%
Formaldehyde		50-00-0	<0.1
Adjuvanted sterile diluent		Not assigned	*
Bovine Parainfluenza3		NOT ASSIGNED	*
Bovine Respiratory Syncytial Vi	rus	NOT ASSIGNED	*
Bovine Rhinotrachetitis		NOT ASSIGNED	*
Bovine Virus Diarrhea		NOT ASSIGNED	*
Gentamicin		1403-66-3	##
Mannheimia haemolytica		Not Assigned	*
Composition comments	* Non-hazardous Ingredients ## Trace		
	In accordance with 29 CFR 1910.1200, the withheld as a trade secret.	exact percentage composition of	this mixture has been
4. First-aid measures			
Inhalation	Move to fresh air. Call a physician if sympto	ms develop or persist.	
Skin contact	Wash off with soap and water. Get medical	attention if irritation develops and	persists.
Eye contact	Rinse thoroughly with plenty of water for at contact lenses, if present and easy to do.	least 15 minutes and consult a ph	ysician. Remove
Ingestion	Rinse mouth. Call a physician or poison cor instruction of medical personnel. Never give		
Most important symptoms/effects, acute and delayed	Direct contact with eyes may cause tempor redness, or discomfort. In the event of accid and symptoms might include skin rash, itch characterized by rhinitis, sneezing, scratchy edema, coughing, shortness of breath, whe with acute exposures in sensitized patients.	dental injection, an allergic reaction ing, redness or swelling. Respirato r throat, oral mucosal edema, lary ezing, and chest pain. Asthma lik	n may occur. Signs bry reactions may be ngeal mucosal
Indication of immediate medical attention and special treatment needed	Treat symptomatically.		
General information	For personal protection, see section 8 of the material(s) involved, and take precautions t		nnel are aware of the
5. Fire-fighting measures			
Suitable extinguishing media	Water fog. Foam. Dry chemical powder. Ca	rbon dioxide (CO2).	
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as	this will spread the fire.	
Specific hazards arising from the chemical	During fire, gases hazardous to health may	be formed.	
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full	protective clothing must be worn	in case of fire.
Fire fighting equipment/instructions	Use water spray to cool unopened containe	rs.	
Specific methods	Use standard firefighting procedures and co	onsider the hazards of other involv	ed materials.
General fire hazards	No unusual fire or explosion hazards noted		
6. Accidental release meas	sures		
Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. For per	rsonal protection, see section 8 of	the SDS.
Methods and materials for containment and cleaning up	Large Spills: Stop the flow of material, if this spreading. Absorb in vermiculite, dry sand or recovery, flush area with water.		
	Small Spills: Wipe up with absorbent mater remove residual contamination.	ial (e.g. cloth, fleece). Clean surfa	ce thoroughly to
Environmental precautions	Never return spills to original containers for Avoid discharge into drains, water courses	-	ection 13 of the SDS.

7. Handling and storage

Precautions for safe handling

Avoid contact with eyes, skin, and clothing. Avoid breathing mist or vapor. Avoid accidental injection. Wash thoroughly after handling. When using, do not eat, drink or smoke. Wear personal protective equipment. Avoid release to the environment. Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities

Store away from direct sunlight. @ 2 - 7°C (36 - 45°F). Do not freeze. Store in original tightly closed container. Keep away from heat, sparks and open flame. Store away from incompatible materials (see Section 10 of the SDS).

8. Exposure controls/personal protection

Occupational exposure limits

conside	rations

Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

9. Physical and chemical properties

Appearance	Freeze-dried preparation plus sterile diluent
Physical state	Solid, Liquid.
Form	Solid. Liquid.
Color	Not available.
Odor	Not available.
Odor threshold	Not available.
рН	6 - 8
Melting point/freezing point	Not available.
Initial boiling point and boiling range	> 212 °F (> 100 °C)
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not available.
Upper/lower flammability or exp	losive limits
Flammability limit - lower (%)	Not available.
Flammability limit - upper (%)	Not available.
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	Not available.
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	
Solubility (water)	100 %
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	Not available.
Other information	
Explosive properties	Not explosive.
Oxidizing properties	Not oxidizing.
Specific gravity	0.8 - 1.2
10. Stability and reactivity	
Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	Contact with incompatible materials. Sunlight. High temperatures. Store at 2-7°C. Prolonged exposure to higher temperatures may adversely affect potency. Do not freeze.
Incompatible materials	Strong oxidizing agents. This material can be denatured or inactivated by a variety of organic solvents, salts or heavy metals.
Hazardous decomposition products	No hazardous decomposition products are known.
11. Toxicological informat	tion

Information on likely routes of exposure

Inhalation No adverse effects due to inhalation are expected.

Material name: BOVI-SHIELD GOLD ONE SHOT 809 Version #: 01 Issue date: 04-02-2017

Skin contact Formaldehyde	Prolonged skin contact may	cause temporary irritation. Species: Rabbit Severity: Moderate Severe		
Eye contact Gentamicin	Direct contact with eyes ma	y cause temporary irritation. Species: Rabbit Severity: Non-irritating		
Formaldehyde		Species: Rabbit Severity: Severe		
Ingestion	Expected to be a low ingest	Expected to be a low ingestion hazard.		
Symptoms related to the physical, chemical and toxicological characteristics	Direct contact with eyes may cause temporary irritation. Exposure may cause temporary irritation, redness, or discomfort. In the event of accidental injection, an allergic reaction may occur. Signs and symptoms might include skin rash, itching, redness or swelling. Respiratory reactions may be characterized by rhinitis, sneezing, scratchy throat, oral mucosal edema, laryngeal mucosal edema, coughing, shortness of breath, wheezing, and chest pain. Asthma like reactions occur with acute exposures in sensitized patients.			
Information on toxicological e	ffects			
Acute toxicity	Expected to be a low hazar	d for usual industrial or commercial handling by trained personnel.		
Components	Species	Test Results

Reproductive toxicity		to cause reproductive or developmental effects.
Developmental effects Formaldehyde		185 mg/kg/day Embryo / Fetal Development, Not teratogenic Maternal toxicity Species: Mouse Organ: Oral
		40 ppm Embryo / Fetal Development, Not Teratogenic Maternal Toxicity Species: Rat Organ: Inhalation
Gentamicin		75 mg/kg/day Embryo / Fetal Development, Developmental toxicity Result: LOAEL Species: Rat Organ: Intramuscular
Specific target organ toxicity - single exposure	Not classified.	
Specific target organ toxicity - repeated exposure	Not classified.	
Aspiration hazard	Not an aspiration hazard.	

Allergic reactions are possible. The antigens included in this product are non-infectious. All have been prepared from modified or inactivated preparations of microorganisms.

12. Ecological information

Ecotoxicity

The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. Avoid release to the environment.

Components		Species	Test Results
Formaldehyde (CAS 50-00-0))		
Aquatic			
Crustacea	EC50	Water flea (Daphnia pulex)	4.3 - 7.8 mg/l, 48 hours
Fish	LC50	Striped bass (Morone saxatilis)	10.302 - 16.743 mg/l, 96 hours
rsistence and degradability	No data is	available on the degradability of this proc	duct.
oaccumulative potential	No data available.		
obility in soil	No data available.		
her adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.		

13. Disposal considerations

Disposal instructions	Avoid release to the environment. Do not discharge into drains, water courses or onto the ground. Do not contaminate ponds, waterways or ditches with chemical or used container. Considering the relevant known environmental and human health hazards of the material, review and implement appropriate technical and procedural waste water and waste disposal measures to prevent occupational exposure and environmental release. It is recommended that waste minimization be practiced. The best available technology should be utilized to prevent environmental releases. This may include destructive techniques for waste and wastewater. Dispose of contents/container in accordance with local/regional/national/international regulations.
Local disposal regulations	Dispose in accordance with all applicable regulations.
Hazardous waste code	None known.
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Since emptied containers may retain product residue, follow label warnings even after container is emptied.

14. Transport information

DOT

Not regulated as dangerous goods.

ΙΑΤΑ

Not regulated as dangerous goods.

IMDG

Not regulated as dangerous goods.

Transport in bulk according to Not established. Annex II of MARPOL 73/78 and the IBC Code

Respirato r throat, oral mucosal edema, lary ezing, and chest pain. Asthma lik	n may occur. Signs bry reactions may be ngeal mucosal
Indication of immediate medical attention and special treatment needed	Treat symptomatically.		
General information	For personal protection, see section 8 of the material(s) involved, and take precautions t		nnel are aware of the
5. Fire-fighting measures			
Suitable extinguishing media	Water fog. Foam. Dry chemical powder. Ca	rbon dioxide (CO2).	
Unsuitable extinguishing media	Do not use water jet as an extinguisher, as	this will spread the fire.	
Specific hazards arising from the chemical	During fire, gases hazardous to health may	be formed.	
Special protective equipment and precautions for firefighters	Self-contained breathing apparatus and full	protective clothing must be worn	in case of fire.
Fire fighting equipment/instructions	Use water spray to cool unopened containe	rs.	
Specific methods	Use standard firefighting procedures and co	onsider the hazards of other involv	ed materials.
General fire hazards	No unusual fire or explosion hazards noted		
6. Accidental release meas	sures		
Personal precautions, protective equipment and emergency procedures	Keep unnecessary personnel away. For per	rsonal protection, see section 8 of	the SDS.
Methods and materials for containment and cleaning up	Large Spills: Stop the flow of material, if this spreading. Absorb in vermiculite, dry sand or recovery, flush area with water.		
	Small Spills: Wipe up with absorbent mater remove residual contamination.	ial (e.g. cloth, fleece). Clean surfa	ce thoroughly to
Environmental precautions	Never return spills to original containers for Avoid discharge into drains, water courses	-	ection 13 of the SDS.

7. Handling and storage

Precautions for safe handling Avoid contact with eyes, skin, and clothing. Avoid breathing mist or vapor. Avoid accidental injection. Wash thoroughly after handling. When using, do not eat, drink or smoke. Wear personal protective equipment. Avoid release to the environment. Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities Store away from direct sunlight. @ 2 - 7°C (36 - 45°F). Do not freeze. Store in original tightly closed container. Keep away from heat, sparks and open flame. Store away from incompatible materials (see Section 10 of the SDS).

8. Exposure controls/personal protection

Occupational exposure limits

US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

Components	Туре	Value	
Formaldehyde (CAS 50-00-0)	STEL	2 ppm

General	hygiene
conside	rations

Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

9. Physical and chemical properties

Appearance Bhysical state	Freeze-dried preparation plus sterile diluent
Physical state Form	Solid, Liquid. Solid. Liquid.
Color	Not available.
Odor	Not available.
	Not available.
Odor threshold	6 - 8
pH Malting paint/freesing paint	
Melting point/freezing point	Not available.
Initial boiling point and boiling range	> 212 °F (> 100 °C)
Flash point	Not available.
Evaporation rate	Not available.
Flammability (solid, gas)	Not available.
Upper/lower flammability or exp	
Flammability limit - lower (%)	Not available.
Flammability limit - upper (%)	Not available.
Explosive limit - lower (%)	Not available.
Explosive limit - upper (%)	Not available.
Vapor pressure	Not available.
Vapor density	Not available.
Relative density	Not available.
Solubility(ies)	
Solubility (water)	100 %
Partition coefficient (n-octanol/water)	Not available.
Auto-ignition temperature	Not available.
Decomposition temperature	Not available.
Viscosity	Not available.
Other information	
Explosive properties	Not explosive.
Oxidizing properties	Not oxidizing.
Specific gravity	0.8 - 1.2
10. Stability and reactivity	
Reactivity	The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	Material is stable under normal conditions.
Possibility of hazardous reactions	No dangerous reaction known under conditions of normal use.
Conditions to avoid	Contact with incompatible materials. Sunlight. High temperatures. Store at 2-7°C. Prolonged exposure to higher temperatures may adversely affect potency. Do not freeze.
Incompatible materials	Strong oxidizing agents. This material can be denatured or inactivated by a variety of organic solvents, salts or heavy metals.
Hazardous decomposition products	No hazardous decomposition products are known.
11. Toxicological informat	tion

Information on likely routes of exposure

Inhalation No adverse effects due to inhalation are expected.

Material name: BOVI-SHIELD GOLD ONE SHOT 809 Version #: 01 Issue date: 04-02-2017

sds us 4 / 9

Skin contact Formaldehyde	Prolonged skin contact may	cause temporary irritation. Species: Rabbit Severity: Moderate Severe
Eye contact Gentamicin	Direct contact with eyes ma	y cause temporary irritation. Species: Rabbit Severity: Non-irritating
Formaldehyde		Species: Rabbit Severity: Severe
Ingestion	Expected to be a low ingest	ion hazard.
Symptoms related to the physical, chemical and toxicological characteristics	redness, or discomfort. In the and symptoms might includ characterized by rhinitis, sn	y cause temporary irritation. Exposure may cause temporary irritation, ne event of accidental injection, an allergic reaction may occur. Signs e skin rash, itching, redness or swelling. Respiratory reactions may be eezing, scratchy throat, oral mucosal edema, laryngeal mucosal s of breath, wheezing, and chest pain. Asthma like reactions occur isitized patients.
Information on toxicological e	ffects	
Acute toxicity	Expected to be a low hazar	d for usual industrial or commercial handling by trained personnel.
Components	Species	Test Results

Specific target organ toxicity - single exposure	Not classified.	
Specific target organ toxicity - repeated exposure	Not classified.	
Aspiration hazard	Not an aspiration hazard.	

Allergic reactions are possible. The antigens included in this product are non-infectious. All have been prepared from modified or inactivated preparations of microorganisms.

12. Ecological information

Ecotoxicity

The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. Avoid release to the environment.

Components		Species	Test Results
Formaldehyde (CAS 50-00-0))		
Aquatic			
Crustacea	EC50	Water flea (Daphnia pulex)	4.3 - 7.8 mg/l, 48 hours
Fish	LC50	Striped bass (Morone saxatilis)	10.302 - 16.743 mg/l, 96 hours
rsistence and degradability	No data is	available on the degradability of this proc	duct.
oaccumulative potential	No data a	vailable.	
obility in soil	No data a	vailable.	
her adverse effects	No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.		

13. Disposal considerations

Disposal instructions	Avoid release to the environment. Do not discharge into drains, water courses or onto the ground. Do not contaminate ponds, waterways or ditches with chemical or used container. Considering the relevant known environmental and human health hazards of the material, review and implement appropriate technical and procedural waste water and waste disposal measures to prevent occupational exposure and environmental release. It is recommended that waste minimization be practiced. The best available technology should be utilized to prevent environmental releases. This may include destructive techniques for waste and wastewater. Dispose of contents/container in accordance with local/regional/national/international regulations.
Local disposal regulations	Dispose in accordance with all applicable regulations.
Hazardous waste code	None known.
Waste from residues / unused products	Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).
Contaminated packaging	Since emptied containers may retain product residue, follow label warnings even after container is emptied.

14. Transport information

DOT

Not regulated as dangerous goods.

ΙΑΤΑ

Not regulated as dangerous goods.

IMDG

Not regulated as dangerous goods.

Transport in bulk according to Not established. Annex II of MARPOL 73/78 and the IBC Code

15. Regulatory information
