## **SAFETY DATA SHEETS**

# This SDS packet was issued with item:

078359016

The safety data sheets (SDS) in this packet apply to the individual products listed below. Please refer to invoice for specific item number(s).

078916289

The safety data sheets (SDS) in this packet apply to one or more components included in the items listed below. Items listed below may require one or more SDS. Please refer to invoice for specific item number(s).

078340611 078340629 078359024

1 Identification of substance	
• Product details	
• Trade name: Thiabendazole TRESADERM	
• Product number: 55871	
<ul> <li>Manufacturer/Supplier: Merial Limited 2100 Ronson Road Iselin, NJ 08830-3077 1-888-MERIAL 1 (1-888-637-4251), Option 5</li> <li>Emergency information: Spill Information: CHEMTREC® 1-800-424-9300 CHEMTREC® International 1+703-527-3887 Reverse charges. Health Information: 1-888-637-4251, Option 5</li> </ul>	
2 Composition/Data on components	
<ul> <li>Chemical characterization</li> <li>Description: Mixture of the substances listed below.</li> </ul>	
Components: 6303-21-5 phosphinic acid	40.0 %
C; R 34	
64-17-5 ethanol F; R 11	11.0 %
148-79-8 Thiabendazole	4.0 %
1405-10-3 Neomycin, sulfate (salt) Xn; R 21/22	0.4 %
50-02-2 Dexamethasone	0.11 %
56-81-5 glycerol	~ %
Non hazardous inert ingredients	~ %
3 Hazards identification	
• Hazard description:	
C Corrosive	
<ul> <li>Information pertaining to particular dangers for man and environ R 10 Flammable.</li> </ul>	ment:
R 34 Causes burns. • Classification system:

Trade name: Thiabendazole TRESADERM international substances lists, and from company and regulatory data. • NFPA ratings (scale 0 - 4) Health = 0Fire = 1Reactivity = 0• HMIS-ratings (scale 0 - 4) HEALTH 0 FIRE 1 **REACTIVITY** 0 4 First aid measures • General information: Immediately remove any clothing soiled by the product. · After inhalation: Not an expected route of entry. • After skin contact: No skin irritation is expected with this formulation. If skin irritation occurs, consult a doctor. • After eye contact: Rinse opened eye for several minutes under running water. Then consult a doctor. • After swallowing: Rinse out mouth and then drink plenty of water. Seek medical advice. 5 Fire fighting measures • Suitable extinguishing agents: Use water spray or all purpose dry chemical. · Special hazards caused by the material, its products of combustion or resulting gases: This material is NOT combustible under DOT/IATA/ICAO combustibility tests. If involved in fire, toxic gases including CO, CO2, phosphorous, fluorine, sulfur and nitrogen compounds may be generated. · Protective equipment: Fire fighters should wear self-contained breathing apparatus and full protective equipment. 6 Accidental release measures · Person-related safety precautions: Not required. • Measures for environmental protection: Do not allow product to reach sewage system or any water course. • Measures for cleaning/collecting: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Use neutralizing agent. Dispose contaminated material as waste according to section XIII. Ensure adequate ventilation. 7 Handling and storage • Handling:

• Safety p	hrases:
1/2	Keep locked up and out of the reach of children.
7	Keep container tightly closed.
16	Keep away from sources of ignition - No smoking.
20	When using do not eat or drink.
25	Avoid contact with eyes.
26	In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
27/28	After contact with skin, take off immediately all contaminated clothing, and wash immediately with plenty of water.
29/56	Do not empty into drains, dispose of this material and its container at hazardous or special waste collection point
36/37/39	Wear suitable protective clothing, gloves and eye/face protection.
45	In case of accident or if you feel unwell, seek medical advice immediately.
64	If swallowed, rinse mouth with water (only if the person is conscious)
