# **SAFETY DATA SHEETS**

This SDS packet was issued with item: 078567425

The safety data sheets (SDS) in this packet apply to one or more components included in the items listed below. Items listed below may require one or more SDS. Please refer to invoice for specific item number(s).

078548658 078548666 078658701

## 1. Identification

| Product identifier                           | Vira Shield 6 + VL5 HB Somnus   |   |  |
|--|---|---|--|
| Other means of identification                |   |   |  |
| Item Code                                    | ZD6160, AV6160  |   |  |
| Recommended use                              | Veterinary Vaccine  |   |  |
| <b>Recommended restrictions</b>              | None known.   |   |  |
| Manufacturer/Importer/Supplier/I             | Distributor information   |   |  |
| Company Name                                 | Elanco Animal Health  |   |  |
|  | 2500 Innovation Way   |   |  |
|  | Greenfield, IN 46140  |   |  |
|  | US  |   |  |
| Phone:                                       | 1-877-Elanco1 (1-877-352-6261)  |   |  |
| Email:                                       | lilly_msds@lilly.com  |   |  |
| Emergency Telephone<br>Numbers:              | Elanco Product Technical Support / Human or<br>1-888-545-5973   | Animal Exposure Reporting:                              |  |

| 2. Hazard(s) identification                  |   |   |  |
| Physical hazards                             | Not classified.   |   |  |
| Health hazards                               | Aspiration hazard   | Category 1  |  |
| OSHA defined hazards                         | Not classified.   |   |  |
| Label elements                               |   |   |  |
|  |   |   |  |
| Signal word                                  | Danger  |   |  |
| Hazard statement                             |   |   |  |
| H304   | May be fatal if swallowed and enters airways.   |   |  |
| Precautionary statement                      |   |   |  |
| Prevention                                   | Not available.  |   |  |
| Response                                     |   |   |  |
| P301 + P310<br>P331                          | IF SWALLOWED: Immediately call a POISON CENTER/doctor.<br>Do NOT induce vomiting.   |   |  |
| Storage                                      |   |   |  |
| P405   | Store locked up.  |   |  |
| Disposal                                     |   |   |  |
| P501   | Dispose of contents/container in accordance w   | vith local/regional/national/international regulations. |  |
| Hazard(s) not otherwise<br>classified (HNOC) | Accidental injection may cause local swelling, irritation or necrosis at the injection site. Get medical attention immediately. See also section 4. |   |  |
| Supplemental information                     | None.   |   |  |
| 2. Composition/information                   | e en ingradiente  |   |  |

## 3. Composition/information on ingredients

#### **Mixtures**

| Chemical name   | Common name and synonyms   | CAS number   | %                                    |  |  |
|---|--|--|--------------------------------------|--|--|
| Mineral Oil Adjuvant SO 3-003   |  | Mixture  | 20                                   |  |  |
| Formaldehyde  |  | 50-00-0  | <= 0.074                             |  |  |
| Thimerosal  |  | 54-64-8  | <= 0.01                              |  |  |
| Composition comments  | * Mineral Oil Adjuvant contains up to 92% Ligh<br>Remaining components of this product are not<br>below reportable levels.   |  |                                      |  |  |
| 4. First-aid measures   |  |  |                                      |  |  |
| Inhalation  | Move to fresh air. Call a physician if symptoms  | s develop or persist.  |                                      |  |  |
| Skin contact  | Wash off with soap and water. Get medical att  | ention if irritation develops an                                   | id persists.                         |  |  |
| Eye contact   | Rinse with water. Get medical attention if irrita  | tion develops and persists.  |                                      |  |  |
| Ingestion   | Rinse mouth. Do not induce vomiting. If vomiti doesn't get into the lungs. Never give anything having convulsions. Get medical attention.  |  |                                      |  |  |
| Most important<br>symptoms/effects, acute and<br>delayed                  | Aspiration may cause pulmonary edema and p<br>swelling, irritation or necrosis at the injection s  |  | ion may cause local                  |  |  |
| Indication of immediate   | In case of accidental self-injection of oil emuls  | ion vaccines, get medical atte                                     | ention immediately.                  |  |  |
| medical attention and special treatment needed                            | SEEK IMMEDIATE MEDICAL TREATMENT at nearest Hospital Emergency Room even if only a very small amount is injected, as failure to treat may result in the mineral oil adjuvant causing sterile abscess and/or loss of affected finger or thumb. If pain persists for more than 12 hours after medical examination, seek additional medical advice. |  |                                      |  |  |
|   | To the Doctor: This product contains mineral of<br>even in small quantities, can cause intense sw<br>necrosis and the loss of a digit. Expert PROMI<br>necessitate early incision and irrigation of the is<br>of finger pulp or tendon.  | velling which may, for example<br>PT, surgical attention is requir | e, result in ischaemic<br>ed and may |  |  |
| General information   | If you feel unwell, seek medical advice (show the personnel are aware of the material(s) involve   |  |                                      |  |  |
| 5. Fire-fighting measures   |  |  |                                      |  |  |
| Suitable extinguishing media  | Use fire-extinguishing media appropriate for su  | urrounding materials.  |                                      |  |  |
| Unsuitable extinguishing media  | Not available.   |  |                                      |  |  |
| Specific hazards arising from the chemical                                | Not applicable.  |  |                                      |  |  |
| Special protective equipment<br>and precautions for firefighters          | Wear suitable protective equipment.  |  |                                      |  |  |
| General fire hazards  | No unusual fire or explosion hazards noted.  |  |                                      |  |  |
| 6. Accidental release meas  | sures  |  |                                      |  |  |
| Personal precautions,<br>protective equipment and<br>emergency procedures | Not available.   |  |                                      |  |  |
| Methods and materials for   | Prevent entry into waterways, sewer, basemen   | nts or confined areas.   |                                      |  |  |
| containment and cleaning up   | Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.   |  |                                      |  |  |
|   | Never return spills to original containers for re-   | -use.  |                                      |  |  |
| Environmental precautions   | Avoid discharge into drains, water courses or  |  |                                      |  |  |
| 7. Handling and storage   |  |  |                                      |  |  |
| Precautions for safe handling   | Use a needle guard to help prevent self-injecti  | on Observe good industrial h                                       | vaiene practices                     |  |  |
| Conditions for safe storage,<br>including any incompatibilities           | Store in original tightly closed container.  |  |                                      |  |  |

## 8. Exposure controls/personal protection

## **Occupational exposure limits**

#### **US. ACGIH Threshold Limit Values** Form Components Value Type Formaldehyde (CAS Ceilina 0.3 ppm 50-00-0) Light Mineral Oil (CAS TWA 5 mg/m3 Inhalable fraction. 8042-47-5) Thimerosal (CAS 54-64-8) STEL 0.03 mg/m3 0.01 mg/m3 TWA US. OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) Components Value Туре Formaldehyde (CAS STEL 2 ppm 50-00-0) TWA 0.75 ppm US. OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000) Form Components Value Type PFI Light Mineral Oil (CAS 5 mg/m3 Mist. 8042-47-5) US. OSHA Table Z-2 (29 CFR 1910.1000) Value Components Type Ceiling Thimerosal (CAS 54-64-8) 0.04 mg/m3 TWA 0.01 mg/m3 US. NIOSH: Pocket Guide to Chemical Hazards Form Components Value Type Formaldehyde (CAS Ceiling 0.1 ppm 50-00-0) TWA 0.016 ppm Light Mineral Oil (CAS STEL 10 mg/m3 Mist. 8042-47-5) TWA 5 mg/m3 Mist. Thimerosal (CAS 54-64-8) STEL 0.03 mg/m3 TWA 0.01 mg/m3 **Biological limit values** No biological exposure limits noted for the ingredient(s). Exposure guidelines US - California OELs: Skin designation Thimerosal (CAS 54-64-8) Can be absorbed through the skin. US - Tennessee OELs: Skin designation Thimerosal (CAS 54-64-8) Can be absorbed through the skin. US ACGIH Threshold Limit Values: Skin designation Thimerosal (CAS 54-64-8) Can be absorbed through the skin. US NIOSH Pocket Guide to Chemical Hazards: Skin designation Thimerosal (CAS 54-64-8) Can be absorbed through the skin. Appropriate engineering Ensure adequate ventilation, especially in confined areas. controls Individual protection measures, such as personal protective equipment Eye/face protection Safety glasses. Skin protection Hand protection Use a needle guard to help prevent self-injection. Wear appropriate chemical resistant gloves. Other Wear suitable protective clothing. **Respiratory protection** In case of insufficient ventilation, wear suitable respiratory equipment.

Thermal hazards Not available. **General hygiene** Always observe good personal hygiene measures, such as washing after handling the material considerations and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

## 9. Physical and chemical properties

| 9. Physical and chemical p                 | properties  |
