

## **SAFETY DATA SHEETS**

**This SDS packet was issued with item:**

078697624

**The safety data sheets (SDS) in this packet apply to the individual products listed below. Please refer to invoice for specific item number(s).**

078071559 078088822 078697590 078697608 078697616

**The safety data sheets (SDS) in this packet apply to one or more components included in the items listed below. Items listed below may require one or more SDS. Please refer to invoice for specific item number(s).**

078088814 078088830 078088848 078658545 078658552

**MATERIAL SAFETY DATA SHEET**  
**ACEPROMAZINE MALEATE 10 MG**

**SECTION 1- GENERAL INFORMATION**

-----

Manufacturer: Boehringer Ingelheim  
Address: Vet Medica Inc.  
2621 N Belt Hwy.  
St. Joseph MO 64506  
Emergency telephone number: (800) 821-7467  
Trade name & synonyms: Acepromazine maleate tablets 10 mg.  
Proper DOT shipping name: Not applicable  
DOT hazard classification: Not applicable

-----

**SECTION 2- INGREDIENTS**

-----

Principal hazardous components: Acepromazine maleate (5.4%)  
PEL: None established  
TLV: None established

-----

**SECTION 3- PHYSICAL DATA**

-----

Boiling point(\*F): Not applicable  
Vapor pressure (mmHg): Not applicable  
Vapor density (air=1): Not applicable  
Solubility in water: Slight  
Specific gravity of (H2O =1): Not applicable  
Percent volatile by volume (%) Not applicable  
Evaporation rate (BuAc=1): Not applicable  
pH: Not applicable  
Appearance and odor: Yellow odorless tablets with imprint of TA logo on one side and code number 220 and number 10 on the other side.

-----

**SECTION 4- FIRE AND EXPLOSION HAZARD DATA**

-----

Flash point (method): Not applicable  
Flammable limits in air: (% volume) Not applicable  
Extinguishing media: Any suitable for surrounding fire  
Special fire fighting procedures: None  
Unusual fire & explosion hazards: None

---

## SECTION 5- HEALTH HAZARD

---

Threshold limit value: None established

Chemical listed as carcinogen or potential carcinogen by: None

Medical conditions generally aggravated by exposure: Alcoholism or treatment with other tranquilizers, cardiovascular disease, or liver disfunction.

Emergency first aid procedures: Skin-wash with soap and water.

Eyes-none Inhalation-none Ingestion- Vomiting should be induced, but emetics not used. Consult a physician. Phenothiazines are not effectively removed by hemodialysis

---

## SECTION 6- REACTIVITY DATA

---

Stability: Stable

Conditions to avoid: None

Incompatibility: Oxidizing materials

Hazardous polymerization: Will not occur

Hazardous decomposition Products: None

---

## SECTION 7- ENVIRONMENTAL PROTECTION PROCEDURES

---

Spill/leak response: Collect for re-use or disposal

Waste disposal method: Trash disposal by local regulations

---

## SECTION 8- SPECIAL PROTECTION INFORMATION

---

Eye protection: Not required

Skin protection: Not required

Respiratory protection: None required

Ventilation recommended: None

Other protection: Avoid accidental ingestion

---

## SECTION 9- SPECIAL PRECAUTIONS

---

Handling & storage: None

Other precautions: Use only according to label directions

NOTES, THE INFORMATION CONTAINED IN THIS MATERIAL SAFETY DATA SHEET IS PROVIDED IN GOOD FAITH AND IS ACCURATE TO THE BEST OF OUR KNOWLEDGE. HOWEVER, THE MANUFACTURER ASSUMES NO WARRANTIES EXPRESSED OR IMPLIED. USERS OF THESE PRODUCTS ARE ADVISED TO VERIFY THAT THE INFORMATION IS SUITABLE TO THEIR PARTICULAR PURPOSES PRIOR TO THEIR USE OF THEM.

# SAFETY DATA SHEET

## 1. Identification

|   |   |
|---|---|
| <b>Product identifier</b>                                     | <b>Acepromazine Maleate Tablets</b>   |
| <b>Other means of identification</b>                          | None.   |
| <b>Recommended use</b>  | Tranquilization aid and preanesthetic agent in dogs and cats.   |
| <b>Recommended restrictions</b>                               | None known.   |
| <b>Manufacturer/Importer/Supplier/Distributor information</b> |   |
| <b>Manufacturer</b>   | Boehringer Ingelheim Vetmedica, Inc.  |
| <b>Address</b>  | 2621 North Belt Hwy<br>St. Joseph, MO 64506-2002  |
| <b>Transportation emergency</b>                               | For Chemical Emergency Spill, Leak, Fire, Exposure, or Accident Call<br>CHEMTREC Day or Night<br>Within USA and Canada: 1-800-424-9300<br>Outside USA and Canada: +1 703-527-3887 (collect calls accepted)<br>(866)638-2226 |
| <b>Medical Emergency<br/>(24HR):</b>                          |   |
| <b>Non-Emergency calls:</b>                                   | (800) 821-7467  |

## 2. Hazard(s) identification

|  |  |
|--|--|
| <b>Physical hazards</b>                              | Not classified.  |
| <b>Health hazards</b>                                | Not classified.  |
| <b>OSHA defined hazards</b>                          | Not classified.  |
| <b>Label elements</b>                                |  |
| <b>Hazard symbol</b>                                 | None.  |
| <b>Signal word</b>                                   | None.  |
| <b>Hazard statement</b>                              | The mixture does not meet the criteria for classification.                     |
| <b>Precautionary statement</b>                       |  |
| <b>Prevention</b>                                    | Observe good industrial hygiene practices.                                     |
| <b>Response</b>                                      | Wash hands after handling.   |
| <b>Storage</b>                                       | Store away from incompatible materials.  |
| <b>Disposal</b>                                      | Dispose of waste and residues in accordance with local authority requirements. |
| <b>Hazard(s) not otherwise<br/>classified (HNOC)</b> | None known.  |

## 3. Composition/information on ingredients

### Mixtures

| Chemical name              | CAS number | %           |
|----------------------------|------------|-------------|
| Acepromazine maleate       | 3598-37-6  | <15         |
| Magnesium distearate       | 557-04-0   | proprietary |
| Microcrystalline cellulose | 9004-34-6  | proprietary |
| Starch, pregelatinized     | 9005-25-8  | proprietary |

## 4. First-aid measures

|                   |   |
|-------------------|---|
| <b>Inhalation</b> | Move to fresh air. Call a physician if symptoms develop or persist. |
|-------------------|---|

|   |  |
|---|--|
| <b>Skin contact</b>   | Rinse skin with water/shower. Get medical attention if irritation develops and persists.   |
| <b>Eye contact</b>  | Do not rub eyes. Rinse with water. Get medical attention if irritation develops and persists.  |
| <b>Ingestion</b>  | Rinse mouth. If ingestion of a large amount does occur, call a poison control center immediately.  |
| <b>Most important symptoms/effects, acute and delayed</b>                     | Dusts may irritate the respiratory tract, skin and eyes. Ingestion of a large quantity may cause vomiting, nausea, dizziness, drowsiness and other systemic effects.   |
| <b>Indication of immediate medical attention and special treatment needed</b> | Not for human use. For use in animals only. Persons developing anaphylactic (life threatening) reactions, such as difficulty in breathing or unconsciousness, must receive immediate medical attention. Epinephrine is contraindicated for treatment of acute hypotension caused by phenothiazine derivative tranquilizers since further depression of blood pressure can occur. Other pressor amines, such as norepinephrine or phenylephrine are the drugs of choice. Barbiturates or diazepam may be used for the treatment of seizures associated with overdose. |
| <b>General information</b>  | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.   |

## 5. Fire-fighting measures

|  |   |
|--|---|
| <b>Suitable extinguishing media</b>                                  | Powder. Water spray. Foam. Carbon dioxide (CO2).  |
| <b>Unsuitable extinguishing media</b>                                | None known.   |
| <b>Specific hazards arising from the chemical</b>                    | During fire, gases hazardous to health may be formed. Combustion products may include: carbon oxides, metal oxides, nitrogen oxides, sulfur oxides. |
| <b>Special protective equipment and precautions for firefighters</b> | Self-contained breathing apparatus and full protective clothing must be worn in case of fire.   |
| <b>Fire fighting equipment/instructions</b>                          | Use water spray to cool unopened containers.  |
| <b>Specific methods</b>  | Use standard firefighting procedures and consider the hazards of other involved materials.  |
| <b>General fire hazards</b>  | No unusual fire or explosion hazards noted.   |

## 6. Accidental release measures

|  |   |
|--|---|
| <b>Personal precautions, protective equipment and emergency procedures</b> | Keep unnecessary personnel away. Wear appropriate protective equipment and clothing during clean-up. Use a NIOSH/MSHA approved respirator if there is a risk of exposure to dust/fume at levels exceeding the exposure limits. For personal protection, see section 8 of the SDS.   |
| <b>Methods and materials for containment and cleaning up</b>               | Stop the flow of material, if this is without risk. Collect dust using a vacuum cleaner equipped with HEPA filter.<br><br>Large Spills: Wet down with water and dike for later disposal. Shovel the material into waste container. Avoid the generation of dusts during clean-up. Following product recovery, flush area with water.<br><br>Small Spills: Sweep up or vacuum up spillage and collect in suitable container for disposal. For waste disposal, see section 13 of the SDS. |
| <b>Environmental precautions</b>   | Avoid discharge into drains, water courses or onto the ground.  |

## 7. Handling and storage

|   |   |
|---|---|
| <b>Precautions for safe handling</b>                                | Avoid breaking or crushing tablets. Minimize dust generation and accumulation. Provide appropriate exhaust ventilation at places where dust is formed. Avoid prolonged exposure. Practice good housekeeping.                      |
| <b>Conditions for safe storage, including any incompatibilities</b> | Store in original tightly closed container. Store in a well-ventilated place. Store away from incompatible materials (see Section 10 of the SDS). Store away from foodstuffs. Store material between 15°C (59°F) and 30°C (86°F). |

## 8. Exposure controls/personal protection

### Occupational exposure limits

#### US. OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000)

| Components                                 | Type | Value    | Form                 |
|--|------|----------|----------------------|
| Microcrystalline cellulose (CAS 9004-34-6) | PEL  | 5 mg/m3  | Respirable fraction. |
|  |      | 15 mg/m3 | Total dust.          |
| Starch, pregelatinized (CAS 9005-25-8)     | PEL  | 5 mg/m3  | Respirable fraction. |

**US. OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000)**

| Components | Type | Value                | Form        |
|------------|------|----------------------|-------------|
|            |      | 15 mg/m <sup>3</sup> | Total dust. |

**US. ACGIH Threshold Limit Values**

| Components                                 | Type | Value                |
|--|------|----------------------|
| Magnesium distearate (CAS 557-04-0)        | TWA  | 10 mg/m <sup>3</sup> |
| Microcrystalline cellulose (CAS 9004-34-6) | TWA  | 10 mg/m <sup>3</sup> |
| Starch, pregelatinized (CAS 9005-25-8)     | TWA  | 10 mg/m <sup>3</sup> |

**US. NIOSH: Pocket Guide to Chemical Hazards**

| Components                                 | Type | Value                | Form        |
|--|------|----------------------|-------------|
| Microcrystalline cellulose (CAS 9004-34-6) | TWA  | 5 mg/m <sup>3</sup>  | Respirable. |
|  |      | 10 mg/m <sup>3</sup> | Total       |
| Starch, pregelatinized (CAS 9005-25-8)     | TWA  | 5 mg/m <sup>3</sup>  | Respirable. |
|  |      | 10 mg/m <sup>3</sup> | Total       |

**Biological limit values**

No biological exposure limits noted for the ingredient(s).

**Appropriate engineering controls**

Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. If engineering measures are not sufficient to maintain concentrations of dust particulates below the Occupational Exposure Limit (OEL), suitable respiratory protection must be worn. If material is ground, cut, or used in any operation which may generate dusts, use appropriate local exhaust ventilation to keep exposures below the recommended exposure limits.

**Individual protection measures, such as personal protective equipment**

**Eye/face protection** Wear safety glasses with side shields (or goggles).

**Skin protection**

**Hand protection** Wear appropriate chemical resistant gloves.

**Other** Wear suitable protective clothing.

**Respiratory protection** If engineering controls do not maintain airborne concentrations below recommended exposure limits (where applicable) or to an acceptable level (in countries where exposure limits have not been established), an approved respirator must be worn.

**Thermal hazards** Wear appropriate thermal protective clothing, when necessary.

**General hygiene considerations**

Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

**9. Physical and chemical properties****Appearance**

**Physical state** Solid.

**Form** Solid, quarter scored tablets (0220 embossed on 10 mg tablets and 0221 on 25 mg tablets).

**Color** Pink: 10 mg tablet; Yellow: 25 mg tablet

**Odor** Odorless.

**Odor threshold** Not available.

**pH** Not available.

**Melting point/freezing point** Not available.

**Initial boiling point and boiling range** Not available.

**Flash point** Not available.

|   |                                  |
|---|----------------------------------|
| Evaporation rate                                    | Not available.                   |
| Flammability (solid, gas)                           | Will burn if involved in a fire. |
| <b>Upper/lower flammability or explosive limits</b> |                                  |
| Flammability limit - lower (%)                      | Not available.                   |
| Flammability limit - upper (%)                      | Not available.                   |
| Explosive limit - lower (%)                         | Not available.                   |
| Explosive limit - upper (%)                         | Not available.                   |
| Vapor pressure                                      | Not available.                   |
| Vapor density                                       | Not available.                   |
| Relative density                                    | Not available.                   |
| <b>Solubility(ies)</b>                              |                                  |
| Solubility (water)                                  | Slight                           |
| Partition coefficient (n-octanol/water)             | Not available.                   |
| Auto-ignition temperature                           | Not available.                   |
| Decomposition temperature                           | Not available.                   |
| Viscosity   | Not available.                   |

## 10. Stability and reactivity

|                                    |   |
|------------------------------------|---|
| Reactivity                         | The product is stable and non-reactive under normal conditions of use, storage and transport. |
| Chemical stability                 | Material is stable under normal conditions.   |
| Possibility of hazardous reactions | No dangerous reaction known under conditions of normal use.                                   |
| Conditions to avoid                | Contact with incompatible materials.  |
| Incompatible materials             | Strong oxidizing agents.  |
| Hazardous decomposition products   | No hazardous decomposition products are known.  |

## 11. Toxicological information

### Information on likely routes of exposure

|              |  |
|--------------|--|
| Inhalation   | Dust may irritate respiratory system. Prolonged inhalation may be harmful. |
| Skin contact | Dust or powder may irritate the skin.                                      |
| Eye contact  | Dust may irritate the eyes.  |
| Ingestion    | Expected to be a low ingestion hazard.                                     |

|  |  |
|--|--|
| Symptoms related to the physical, chemical and toxicological characteristics | Dusts may irritate the respiratory tract, skin and eyes. Ingestion of a large quantity may cause vomiting, nausea, dizziness, drowsiness and other systemic effects. |
|--|--|

### Information on toxicological effects

#### Acute toxicity

| Components                           | Species | Test Results |
|--------------------------------------|---------|--------------|
| Acepromazine maleate (CAS 3598-37-6) |         |              |
| <b>Acute</b>                         |         |              |
| <i>Oral</i>                          |         |              |
| LD50                                 | Mouse   | 270 mg/kg    |
|                                      | Rat     | 400 mg/kg    |

|                                  |  |
|----------------------------------|--|
| <b>Skin corrosion/irritation</b> | Prolonged skin contact may cause temporary irritation. |
|----------------------------------|--|

|  |  |
|--|--|
| <b>Serious eye damage/eye irritation</b> | Direct contact with eyes may cause temporary irritation. |
|--|--|

#### Respiratory or skin sensitization

|                           |   |
|---------------------------|---|
| Respiratory sensitization | Not a respiratory sensitizer.                             |
| Skin sensitization        | This product is not expected to cause skin sensitization. |

|   |  |
|---|--|
| <b>Germ cell mutagenicity</b>   | No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic. |
| <b>Carcinogenicity</b>  | This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.                                  |
| <b>OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)</b> |  |
| Not listed.   |  |
| <b>Reproductive toxicity</b>  | This product is not expected to cause reproductive or developmental effects.                                     |
| <b>Specific target organ toxicity - single exposure</b>               | Not classified.  |
| <b>Specific target organ toxicity - repeated exposure</b>             | Not classified.  |
| <b>Aspiration hazard</b>  | Not an aspiration hazard.  |
| <b>Chronic effects</b>  | Prolonged inhalation may be harmful. Possible hypersensitization (development of abnormal sensitivity).          |

## 12. Ecological information

|                                      |  |
|--------------------------------------|--|
| <b>Ecotoxicity</b>                   | The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment. |
| <b>Persistence and degradability</b> | No data is available on the degradability of this product.   |
| <b>Bioaccumulative potential</b>     |  |
| <b>Mobility in soil</b>              | No data available.   |
| <b>Other adverse effects</b>         | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.            |

## 13. Disposal considerations

|  |  |
|--|--|
| <b>Disposal instructions</b>                 | Collect and reclaim or dispose in sealed containers at licensed waste disposal site.   |
| <b>Local disposal regulations</b>            | Dispose in accordance with all applicable regulations.   |
| <b>Hazardous waste code</b>                  | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.   |
| <b>Waste from residues / unused products</b> | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |
| <b>Contaminated packaging</b>                | Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied.       |

## 14. Transport information

|   |                                   |
|---|-----------------------------------|
| <b>DOT</b>  | Not regulated as dangerous goods. |
| <b>IATA</b>   | Not regulated as dangerous goods. |
| <b>IMDG</b>   | Not regulated as dangerous goods. |
| <b>Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code</b> | Not applicable.                   |

## 15. Regulatory information

|   |  |
|---|--|
| <b>US federal regulations</b>   | One or more components are not listed on TSCA. Therefore, it can only be used for TSCA exempt purposes such as R&D or veterinary use. FEDERAL LAW RESTRICTS THIS DRUG TO USE BY OR ON ORDER OF LICENSED VETERINARIANS. |
| <b>TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)</b>  |  |
| Not regulated.  |  |
| <b>OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)</b> |  |
| Not listed.   |  |
| <b>CERCLA Hazardous Substance List (40 CFR 302.4)</b>                 |  |
| Not listed.   |  |

**Superfund Amendments and Reauthorization Act of 1986 (SARA)**

**Hazard categories** Immediate Hazard - No  
Delayed Hazard - No  
Fire Hazard - No  
Pressure Hazard - No  
Reactivity Hazard - No

**SARA 302 Extremely hazardous substance**

Not listed.

**SARA 311/312 Hazardous chemical** No

**SARA 313 (TRI reporting)**  
Not regulated.

**Other federal regulations****Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List**

Not regulated.
