### **SAFETY DATA SHEETS**

# This SDS packet was issued with item: 078700576

The safety data sheets (SDS) in this packet apply to the individual products listed below. Please refer to invoice for specific item number(s).

078700584

# Safety Data Sheet 1817HT

#### 1 Material and Supplier Indentification

| Product Name:                                     | Pleasant Peach Foaming Hand Soap  |   |
|---|---|---|
| Description:                                      | Foaming Hand Soap   |   |
| Recommended use of the chemical and restrictions: | Use only for the purpose on product label. This product i prior dilution if specified on product label.   | s not intended to be used without                                     |
| Supplier's Information:                           | Health Technology<br>11614 Sterling Avenue, Suite 101<br>Riverside, CA 92503<br>800-424-7536 (Customer Service)   |   |
| Emergency Telephone:                              | (800) 255-3924 USA (813)248-0585 International (Che   | emtel 24 hrs)   |
| 2 Hazards Identification                          |   |   |
| Classification of Mixture:                        | Eye Irritation: Category 2B   | Pictogram   |
|   |   | No Pictogram  |
| Signal Word:<br>Hazard Statements:                | WARNING<br>Causes eye irritation  |   |
| Precautionary Statements                          |   |   |
| General:  | KEEP OUT OF REACH OF CHILDREN. Read label before  | pre use.  |
| Prevention:                                       | Wash hands thoroughly after handling.   |   |
| Response:   | IF IN EYES: Rinse cautiously with water for several minupresent and easy to do. Continue rinsing. If eye irritation IF INHALED: Remove person to fresh air and keep comf persists, call a Poison Center or get medical attention.<br>IF SWALLOWED: Rinse mouth. Do NOT induce vomiting immediately. | persists: Get medical attention.<br>ortable for breathing. If problem |
| 3 Composition/Information                         | on Ingredients  |   |

#### **Hazardous Ingredients**

Cocamidopropyl Betaine Sodium Lauryl Sulfate CAS Number 61789-40-0 68585-47-7 Concentration Range % 1-5 1-5

| 4 First Aid Measures | 3   |
|----------------------|---|
| Eye Contact:         | Flush eyes with water for 15 minutes. Remove contact lenses if any.   |
| Skin Contact:        | Contact with concentrate may be an irritant to sensitive skin. If spilt in large areas of skin, rinse immediately with water and remove clothing. Wash skin thoroughly with soap and water. |
| Inhalation           | If discomfort is experienced after prolonged exposure to vapors, move person to fresh air.<br>Get medical attention if irritation persists.   |
| Ingestion:           | Get medical attention immediately. Rinse mouth with water. Do NOT induce vomiting. Drink glass of water to dilute product.  |

| 5 Firefighting Measures   |  |
|---|--|
| Suitable Extinguishing Media:                                   | Water spray, normal foam, dry agent (carbon dioxide, dry chemical powder.)   |
| Specific Hazards arising from the Chemical:                     | In a fire or if heated, a pressure increase will occur and the container may burst.<br>Combustion products may include and are not limited to nitrogen oxides, carbon<br>monoxide, and carbon dioxide.                   |
| Specific Protective Equipment and Precautions for Firefighters: | Firefighters should wear NIOSH approved self-contained breathing apparatus and protective clothing. If safe to do so, remove containers from path of fire. If involved in a fire, keep containers cool with water spray. |

# 6 Accidental Release Measures

| Emergency Procedures:                          | Keep area clear of personnel until area has been properly cleaned.  |
|--|---|
| Personal Precautions/<br>Protective Equipment: | Slippery when spilt. To avoid accidents, clean up immediately and shut off source of leak, if safe to do so. Wear appropriate protective equipment to prevent any contamination of skin, eyes, and personal clothing. Provide sufficient ventilation.   |
| Environmental Precautions:                     | If contamination of sewers or waterways has occurred, advise local emergency services.  |
| Methods for Containment and<br>Cleaning Up:    | Contain spill with absorbent (soil, sand, or other inert material) or spill kit to prevent contamination of sewers or waterways. Neutralization agent is not recommended within building, as toxic vapors may be omitted. Properly dispose of used absorbents in accordance with local, state, and federal regulations. |

# 7 Handling and Storage

| Precautions for Safe Handling:                                  | Avoid skin and eye contact, inhalation and ingestion. Wash hands thoroughly after use. Keep out of reach of children.   |
|---|---|
| Conditions for Safe Storage,<br>Including an Incompatiibiities: | Store in cool, dry place and out of direct sunlight. Store away from source of heat or ignition. Do not mix with other chemicals. Keep container closed when not in use, and check regularly for leaks. |

See Section 10 for incompatible materials.

1817

| 8 Exposure Controls/Personal Protection |           |          |            |
|---|-----------|----------|------------|
| Control Parameters:                     |           |          |            |
| Hazardous Ingredients                   | ACGIH TLV | OSHA PEL | NIOSH IDLH |
| Cocamidopropyl Betaine                  | N/A       | N/A      | N/A        |
| Sodium Lauryl Sulfate                   | N/A       | N/A      | N/A        |

| Appropriate engineering controls: | Good ventilation should be sufficient to control worker exposure to airborne contaminants.   |
|-----------------------------------|--|
| Personal Protection               |  |
| Eye Protection:                   | Use protective glasses or safety goggles if splashing or spray-back is likely.   |
| Hand Protection:                  | Use protective gloves when used for prolong periods or if skin sensitive.  |
| Skin Protection:                  | Use apron if splashing or spray-back is likely.  |
| Respiratory Protection:           | Use in well ventilated areas or local exhaust ventilation when cleaning small spaces.  |
| Hygiene Measures:                 | Always wash hands after handling chemical products, and before smoking, eating, drinking, or using the toilet. Wash contaminated clothing or protective equipment before storage and re-use. |

#### **9 Physical and Chemical Properties**

| Physical State:<br>Color:<br>Odor:<br>pH: | Liquid<br>Peach<br>Peach<br>6.5-7.5 | Specific Gravity:<br>Evapporation Rate:<br>Solubility in Water:<br>VOC (g/L): | 1.01<br>< 1<br>Complete<br><11 | Vapour Pressure (mm Hg):<br>Vapour Density:<br>Freezing Point (°F):<br>Boiling Point (°F):<br>Flash Point (°F): | < 17 mm Hg<br>> 1<br>< 32<br>> 212<br>> 200 |
|---|-------------------------------------|---|--------------------------------|---|---|
|   |                                     | < means less than   | > m                            | eans greater than   |   |

**Note:** These physical data are typical values based on material tested but may vary from sample to sample. Typical values should not be construed as a guaranteed analysis of any specific lot or as specification items.

#### **10 Stability and Reactivity**

| Reactivity:                         | No specific data  |
|-------------------------------------|---|
| Chemical Stability:                 | Stable  |
| Possibility of Hazardous Reactions: | Under normal conditions of storage and use, hazardous reactions will not occur.   |
| Conditions to Avoid:                | Avoid exposure to heat and light.   |
| Incompatible Materials:             | Slightly reactive or incompatible with oxidizers (e.g., bleach), strong acids (e.g., hydrochloric acid) and reactive metals (e.g., aluminum). |
| Hazardous Decomposition Products:   | Under normal conditions of storage and use, hazardous decomposition products should not be produced.  |
