

SAFETY DATA SHEETS

This SDS packet was issued with item:

078722475

The safety data sheets (SDS) in this packet apply to the individual products listed below. Please refer to invoice for specific item number(s).

078722483 078803166 078909581

The safety data sheets (SDS) in this packet apply to one or more components included in the items listed below. Items listed below may require one or more SDS. Please refer to invoice for specific item number(s).

078909582

Urine Away™ - D686

Safety Data Sheet

Version:

Date of issue:

Supersedes:

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product form : Liquid mixture
Product name : URINE AWAY

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture :

Animal Odor Eliminator

1.3. Details of the supplier of the safety data sheet

Ceva Santé Animale 10 Avenue de la Ballastière 33500 Libourne France +33 (0)5 57 55 40 40 contact@ceva.com	Ceva Animal Health, LLC 8735 Rosehill Rd Lenexa, KS 66215 USA 1 800 999 0297 contact.us@ceva.com
---	--

1.4. Emergency telephone number

Country	Organisation/Company	Address	Emergency number
USA	CHEMTREC		+1-800-424-9300
USA	Thornell Corporation	P.O. Box 363, 100 James Street, Smithville, MO 64089	816-873-3342

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

GHS-US classification

Conforms to the RIFM and IFRA guidelines. Not a primary skin irritant, nor toxic by oral ingestion or by inhalation. A minor irritant when in direct contact with the eyes. Contains Isopropyl Alcohol - CAS #67-63-0, less than 0.2%

Full text of H-statements: see section 16

2.2. Label elements

GHS-US labelling

Hazard pictograms (GHS-US) : No labeling applicable

Signal word (GHS-US) : N/A

Hazard statements (GHS-US) : N/A

Precautionary statements (GHS-US) : P501: Dispose of contents/container in accordance with local/regional/national/international regulations.

2.3. Other hazards

Other hazards not contributing to the classification : None Under normal conditions

2.4. Unknown acute toxicity (GHS-US)

No data available

SECTION 3: Composition/information on ingredients

3.1. Substance

The ingredients in this fragrance mixture are considered by Thornell Corporation to be a trade secret in accordance with the provisions of the OSHA Hazard Communication Standard (29 CFR 1910.1200). Identities will be revealed to a qualified health professional (physician, nurse practitioner, EMT or physician's assistant) in the event of an emergency.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

3.2. Mixture

Name	Product identifier	%	GHS-US classification
Isopropyl Alcohol	(CAS) #67-63-0	<0.2%	

Full text of H-statements: see section 16

SECTION 4: First aid measures

4.1. Description of first aid measures

First-aid measures general	: In all cases of doubt, or when symptoms persist, seek medical attention.
First-aid measures after inhalation	: Leave the contaminated area immediately and go to a fresh air source. If breathing is difficult contact a physician.
First-aid measures after skin contact	: Remove any contaminated clothing and wash the exposed skin thoroughly with soap and water. Contact a physician if irritation persists.
First-aid measures after eye contact	: Wash eyes immediately with copious amounts of water. Contact a physician if irritation persists or vision problems occur.
First-aid measures after ingestion	: If ingested give copious amounts of water. Contact a physician if you feel unwell.

4.2. Most important symptoms and effects, both acute and delayed

Symptoms/injuries after skin contact	: Minor irritation to eyes, nose and throat.
Symptoms/injuries after ingestion	: None to our knowledge.

4.3. Indication of any immediate medical attention and special treatment needed

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media	: Use dry chemical, foam or water spray. Carbon Dioxide or other oil combatant types
Unsuitable extinguishing media	:

5.2. Special hazards arising from the chemicals

Reactivity	: None known
Fire Hazard	CO ₂ , CO, other unidentified products of combustion. No specific hazardous decomposition products known (release of carbon oxides expected).

5.3. Advice for firefighters

Firefighting instructions	: : Use self-contained breathing apparatus (SCBA) and fire fighting clothing
Protection during firefighting	: Complete protective clothing. Self Contained Breathing Apparatus

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

6.1.1. For non-emergency personnel

Emergency procedures	: Contain spilled material. Avoid open flames or other sources of ignition. Avoid inhalation of vapours.
----------------------	--

6.1.2. For emergency responders

Protective equipment	: Apply the same recommendations as section 6.1.1
----------------------	---

6.2. Environmental precautions

To avoid possible contamination of the environment, contain spilled material

6.3. Methods and material for containment and cleaning up

For containment	: Use floor desiccant
Methods for cleaning up	: Cover with an inert, inorganic, non-combustible absorbent material, sweep up and remove to an approved disposal container

6.4. Reference to other sections

For further information refer to section 13.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 7: Handling and storage

7.1. Precautions for safe handling

- Precautions for safe handling : For maximum personal protection, handle fragrances in a completely closed system. Avoid inhalation and eye and skin contact whenever possible.
- Hygiene measures : Use good personal hygiene practices. Wash thoroughly after contact with the skin and at the end of each work period. Contaminated clothing and shoes should be laundered or cleaned before reuse.

7.2. Conditions for safe storage, including any incompatibilities

- Storage conditions : Store in a cool, dry, well-ventilated area. Avoid heat sources. Keep containers closed and upright
- Incompatible products : Combustible material

7.3. Specific end use(s)

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

ACGIH		
OSHA		

8.2. Exposure controls

- Appropriate engineering controls : None required under normal product handling conditions.
- Hand protection :
- Eye protection : If abnormal conditions exist, wear NIOSH-approved goggles or shields when handling. Eye wash stations should be available.
- Skin and body protection : If abnormal conditions exist, wear oil and chemical-resistant gloves when handling. Safety showers should be available.
- Respiratory protection : Not normally required in well-ventilated areas. If vapour levels are high due to spillage, or if the product is heated, or if other abnormal conditions exist, use a full-face NIOSH-approved organic vapour respirator

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

- Physical state : liquid
- Color : water-white
- Odor : Pleasant, to match standard.
- Odor threshold :
- pH : 6.6
- Melting point : N/A
- Freezing point : N/A
- Boiling point : N/A
- Flash point : Above 200°F
- Relative evaporation rate (butyl acetate=1) : No data available
- Flammability (solid, gas) : No data available
- Explosive limits : No data available
- Explosive properties : No data available
- Oxidizing properties : No data available
- Vapor pressure : 17.5 mm Hg @ 20° C
- Relative density : No data available
- Relative vapor density at 20 °C : No data available
- Density : not determined
- Solubility : Completely Soluble In Water
- Log Pow : No data available
- Log Kow : No data available

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Auto-ignition temperature	: N/A
Decomposition temperature	: N/A
Viscosity	: N/A
Viscosity, kinematic	: N/A
Viscosity, dynamic	: N/A

9.2. Other information

No additional information available

SECTION 10: Stability and reactivity

10.1. Reactivity

This product is stable and presents no significant reactivity hazard. To our knowledge, the product does not present any particular risk, under normal conditions of use.

10.2. Chemical stability

Stable under use and storage conditions as recommended in section 7.

10.3. Possibility of hazardous reactions

None under normal use. It does not react violently with water and no hazardous polymerization will occur

10.4. Conditions to avoid

Contact with highly concentrated acids, alkalis or oxidizing agents must be avoided. Avoid excessive heat, open flames or other sources of ignition

10.5. Incompatible materials

Exposure to heat and open flame

10.6. Hazardous decomposition products

On combustion or on thermal decomposition (pyrolysis) releases: Carbon oxides (CO, CO₂).

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity : None Known

LD50 oral rat	Oral LD ₅₀ > 2,000 mg/kg (calculated)
LD50 dermal rat	

Skin corrosion/irritation : Not classified

Serious eye damage/irritation : Liquid in eyes may cause limited, temporary irritation.

Respiratory or skin sensitisation : Not classified

Germ cell mutagenicity : Not classified

Carcinogenicity : This product does not contain carcinogens identified by OSHA, IARC, ACGIH, NTP or other authoritative body.

Reproductive toxicity : Not classified

Specific target organ toxicity (single exposure) : Not classified

Specific target organ toxicity (repeated exposure) : Not classified

Aspiration hazard : Not classified

Symptoms/injuries after skin contact : .

Symptoms/injuries after ingestion : .

SECTION 12: Ecological information

12.1. Toxicity

Ecology - general : This mixture has not been tested. See Section 16 for any EU hazard classification information.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

NOEC chronic fish	No additional information available
NOEC chronic crustacea	No additional information available

12.2. Persistence and degradability

No additional information available

12.3. Bioaccumulative potential

No additional information available

12.4. Mobility in soil

No additional information available

12.5. Other adverse effects

No additional information.

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Waste disposal recommendations : Empty the packaging completely prior to disposal. Dispose of waste or used containers according to local, state and federal regulations.

SECTION 14: Transport information

Department of Transportation (DOT)

In accordance with DOT

SECTION 15: Regulatory information

15.1. US Federal regulations

SARA 313 This proprietary mixture contains the following material(s) subject to SARA 313 reporting: NONE

15.2. US State regulations

No data available

EU Classification: R41-43

SECTION IX – NFPA 704

Health Hazard = 1 Fire Hazard = 1 Reactivity = 1 Personal Protection = B

SECTION 16: Other information

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Full text of H-statements:

<p>All ingredients in the mixture are listed on the US EPA's Inventory of Toxic Substances (TSCA); the EEC's European Inventory of Existing Commercial Chemical Substances (EINECS) or List of Notified Chemical Substances (ELINCS); Environment Canada's Domestic Substances List (DSL) or Non-domestic Substances List (NDSL).</p> <p>Contains no materials Known by the State of California to cause cancer or reproductive toxicity (Proposition 65).</p>	<p>The information documented in this SDS has been obtained from current and reliable sources; however it is provided without any warranty, expressed or implied, about its correctness or accuracy. Since the use, handling and disposal of this product is beyond Thornell Corporation's control, it becomes the responsibility of the user to determine safe conditions for the use of this product in his own facility and to assume liability for loss, damage or expense resulting from the product's improper use. Federal, State and Municipal government agencies may have specific regulations concerning the use, storage, handling, transportation and disposal of this product that may not be delineated in this SDS. The user should review such regulations and comply accordingly.</p>

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
