COVIDIEN

positive results for life™

April 2, 2013

Dear Sir/Madam,

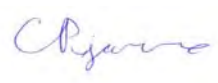

We have received your request for Material Safety Data Sheet (MSDS) for the products that you purchase from Covidien/Kendall. Please be advised that the products in question are not required to have MSDS for the following reasons. If a product does not contain hazardous substances, or the product meets the "article" definition as detailed in the *current* Occupational, Health, and Safety Administration (OSHA) Hazard Communication regulation (29 CFR 1910.1200), **it is not required to have an MSDS**.

In addition, to be considered a hazardous substance (and therefore require an MSDS), a product must have shown statistically significant evidence, based on at least one study conducted in accordance with established scientific principles, that acute or chronic health effects may occur in employees exposed to the substance, and/or present a significant physical hazard.

If you should have any further questions on the above products, please do not hesitate to contact me at (508) 261-6337.

Sincerely,

Covidien

Chris Pizarro
Principal Safety Engineer
