SAFETY DATA SHEET INQUIRY

Date: **March 1, 2013**

Re: **Safety Data Sheet Request**

Thank you for your request for Safety Data Sheet information on Hill's® Science Diet® or Hill's® Prescription Diet® pet foods.

Under U.S. hazard communication regulations, many manufacturers and importers are required to assess the hazards of materials which they produce or import and to communicate these hazards. Part of this communication process is the preparation and distribution of safety data sheets. **However, the Occupational Safety and Health Administration exempts a few categories of items from these regulations, *including foods that are sold and/or used in a retail establishment*.** Full text of these regulations can be found in Title 29 of the Code of Federal Regulations, at Part 1910, Section 1200.

We are proud of the products we produce and would be happy to answer any questions you may have. Although we are not required to prepare safety data sheets, you may contact our Customer Affairs group at 1-800-445-5777 with any specific questions.

Thank you,

John Downey, CHMM, CSP, CIH
Occupational Health and Safety Engineer
